What is X2 Logistics Networks?

X2 Logistics Networks is composed of multiple groups of global logistics professionals and independent freight forwarders who are experts in their fields and specialties. The members of X2 Logistics Networks represent major sea and airports around the world and across different industry sectors. X2 Logistics Networks is the world's most professional freight forwarding network and one of the only groups who believe the quality of members creates a strong network, and not the quantity of members.

X2 Logistics Networks members are professionals and have demonstrated their commitment to providing the best service to match customer requirements. The companies of X2 Logistics Networks are capable of providing comprehensive and competitive logistics solutions around the world.

The companies of X2 Logistics Networks benefit from:

- ✔ Trusted and Professional Global Freight Forwarding Partners
- ✔ Financial Protection
- ✔ Limited Membership per Market
- ✔ Free PR/Marketing Opportunities and Services

About Us

X2 Logistics Networks is the premier network of independent logistics and freight professionals representing major air and seaports around the world. It's also the world's most professional freight forwarding network. We pride ourselves on the professional quality of our membership.

All companies within the group understand the unique requirements of their customers and all are able to provide comprehensive and competitive logistics solutions in all major markets around the world.

X2 Logistics Networks is dedicated to growing a professional network of reliable and capable logistics professionals and is actively pushing to further develop our networks and assist members for the greater benefit of each member.

With our vision to professionally develop and manage a dynamic group, our aim is to deliver results for our members. The X2 Team is continuously improving the network and in turn the benefits reaped by our members.

Our team and management has more than 50 years of combined logistics experience, is capable of conversing in more than 15 different languages, and brings with them the experience and skill acquired from a wide range of business development and networking experience needed to run a group of successful networks.
